Administrative Order No. 12

IMPLEMENTING GUIDELINES ON THE TINDAHAN NATIN PROJECT

I. RATIONALE

Poverty is caused by either lack of access, low income or opportunities that makes families unable to meet their basic needs. It continues to be a challenge to Filipino families particularly the 4.31 million living below the poverty threshold.

In line with the relentless efforts of the government to fight poverty, hunger and unemployment, Her Excellency, President Gloria Macapagal-Arroyo has pronounced on the first working day of 2006 the release of some P35 billion from government savings to subsidize selected food items and finance projects for the poor. On the aspect of food, the President specifically announced that she wants to keep the prices of rice and noodles at affordable levels.

The National Food Authority (NFA), with its mandate of ensuring food security and stabilization, is tasked to maintain rice price at P18.00/kg and the fortified noodles below P5.00.

The Department of Social Welfare and Development (DSWD), on the other hand, is mandated to provide social protection and promote the rights and welfare of the poor, vulnerable and disadvantage individuals, families and communities through programs, projects and services that will alleviate poverty.

The Department of Budget and Management (DBM) thus, released program funds to the DSWD for the implementation of the Tindahan Natin Project (TNP). Part of this fund will be used as loan assistance to Tindahan Natin Operators (TNOs), which shall be deposited to DWD Central Office TNP Operating Fund Account under trust/current account with the Land

Bank of the Philippines. The said trust/current account shall be recorded under Revolving Fund – Fund 161 RA Books.

This Implementing Guidelines is issued to ensure that the government-subsidized rice and noodles would truly reach poor families through the TNP.
