Administrative Order No: 18
Series of 2010

SUBJECT : ADDENDUM TO ADMINISTRATIVE ORDER NO. 14 SERIES OF 2007
(Code of Ethics for Fund Raising)

I. RATIONALE

Administrative Order (AO) No. 14 series of 2007 also known as Revised Omnibus Rules and Regulations on Public Solicitations was issued to regulate the solicitation activities conducted by persons, corporations, organizations or associations within the Philippines. This also promoted transparency and established the accountability of persons, corporations, organizations and associations that solicit funds from the public for charitable or public welfare purposes. However, the guidelines did not cover clear policies and procedures for the fundraising activities conducted by an individual/person.

For CY 2010, five (5) individuals have been issued solicitation permits by the DSWD-National Capital Region. Said individuals were asked to submit other requirements not stated in AO 14 series of 2007 and were issued a permit to solicit for the treatment of their own children/relatives who are suffering from chronic diseases and undergoing long term and expensive medication. Likewise, it was observed in various regions that individual solicitations are increasing in number and such activity may be used for mendicancy which is subject to abuse.

Further, the 1987 Philippine Constitution states that the State values the dignity of every human person. However, the Department has been receiving information either through internet, tri-media or other paraphernalia on fund raising activities where pictures of the poor, vulnerable and the disadvantaged individuals, families and communities especially children have been used to raise funds. There are photos that depict and demean the conditions of the said sectors that do not uphold their rights. Hence, the need for this addendum to AO 14 to address the above-mentioned concerns.

II. LEGAL BASES

1. 1987 Constitution of the Republic of the Philippines Article II Section 11 states that the “State values the dignity of every human person and guarantees full respect for human rights”.

2. Presidential Decree No. 1563, Establishing An Integrated System For The Control And Eradication Of Mendicancy, Providing Penalties, Appropriating Funds Therefor, And For Other Purposes (Mendicancy Law of 1987) Section 2 states “prevent the commission of mendicancy”.

3. Inter-Country Adoption Board Resolution No. 054-46 series of 2010, Addendum to the Policy on Photolisting of Children in the Internet states that “uploading of advertisement in the internet using Filipino children as means to solicit donation is prohibited”.

4. Republic Act No. 7610, Special Protection of Children Against Child Abuse, Exploitation and Discrimination Act Article I Section 2 states that it is a “policy of the State to provide special protection to children from all forms of abuse, neglect, cruelty exploitation and discrimination and other conditions, prejudicial their development; provide sanctions for their commission and carry out a program for prevention and deterrence of and crisis intervention in situations of child abuse, exploitation and discrimination”.

III. PRINCIPLES OF CONDUCT ON THE SOLICITATION ACTIVITIES

The persons/individuals, corporations, organizations and associations issued a permit to solicit for charitable and public welfare purposes shall strictly adhere to the following principles of conduct:

8. Contributions are only used in accordance with approved work and financial plan and obtain explicit consent from the DSWD before altering the intended use of the donations.
