Subject: AMENDED GUIDELINES ON THE ACCREDITATION OF CIVIL SOCIETY ORGANIZATIONS AS BENEFICIARIES OF DSWD PROJECTS AND/OR PROGRAMS

I. RATIONALE

Civil Society Organizations (CSOs) supplement government efforts to uplift, empower, and protect the vulnerable, disadvantaged, and marginalized sectors of Philippine society. They provide valuable support to government initiatives in policy development, program implementation, and help improve the delivery of social services. Thus, our present Constitution’s Declaration of Principles and State Policies under Article II, Section 23 provides that: “The State encourages the participation of non-government organizations, community organizations, and sectoral organizations that promote the welfare of the nation.”

Republic Act No. 10121 or the Philippine Disaster Risk Reduction and Management Act of 2010 defines CSOs as “non-state actors whose aims are neither to generate profits nor to seek governing power. CSOs unite people to advance shared goals and interests. They have a presence in public life, expressing the interests and values of their members or others, and are based on ethical, cultural, scientific, religious or philanthropic considerations. CSOs include nongovernment organizations (NGOs), professional associations, foundations, independent research institutes, community-based organizations (CBOs), faith-based organizations, people’s organizations, social movements, and labor unions.”

Amidst the scandals of corruption using fictitious CSOs, Congress, in 2014, mandated the DSWD to lead the accreditation of all CSOs receiving public funds. However, two years into its implementation, several government agencies have recognized the centralized process to be inefficient as it produced the unintended effect of disregarding the authority, credibility and competence of other government agencies in accrediting the CSOs that they deal with. In addition, the uniform stringent requirements were seen to have disregarded the particularities of the programs and projects of various government agencies that these CSOs seek to implement. Hence, Republic Act No. 10924 or the General Appropriations Act of 2017 decentralized the CSO accreditation role and accountability to each government agency.

Meanwhile, GAA 2017 recognized that CSOs may either be Implementing or Beneficiary CSOs. As distinguished from Implementing CSOs, Beneficiary CSOs are those that are made up of individuals bound by common interest and or are confronted by a calamity, social condition, problem, issue or crisis and who organized themselves mainly to benefit from
government projects or programs that they themselves will undertake. It can be said, thus, that the creation of Beneficiary CSOs is a recognition of would-be beneficiaries’ capacity to organize themselves, and in the process, assist the government in project or program implementation.

As CSOs are also entrusted with or have access to public funds, RA 10924 provides that a government agency may only transfer public funds to CSOs that have been accredited by the government agency from where funds are sought to be transferred.

Hence, the need to provide these updated Guidelines for the accreditation of DSWD Beneficiary CSOs pursuant to the provisions of RA 10924.

These guidelines aim to provide for simplified procedures for the accreditation of CSOs as beneficiaries of DSWD projects and/or programs or DSWD Beneficiary CSOs following the directive of the President to heads of agencies to streamline, simplify, and expedite action on government services and transactions by reducing requirements and processing time of all applications from submission to release or final action.

II. OBJECTIVES

1. To establish standard and simplified procedures for the accreditation of CSOs as Beneficiaries of DSWD projects and/or programs while maintaining vigilance over potential abuse or misuse of DSWD funds;

2. To make DSWD projects and/or programs more accessible to individuals who are bound by common interests and/or confronted by a calamity, social condition, problem, issue or crisis; and

3. To enhance and expand cooperation between the DSWD and Beneficiary CSOs for faster and more efficient delivery of DSWD projects and/or programs.

III. LEGAL BASIS

1. Article II, Section 23 of the Constitution, which states that, “The State shall encourage non-governmental, community-based, or sectoral organizations that promote the welfare of the nation."

2. Sections 34 and 35 of RA 7160 (the Local Government Code), which mandates local government units to promote the establishment and operation of people’s organizations and non-governmental organizations to become active partners in the pursuit of local autonomy especially in the delivery of certain basic services, capability-building and livelihood projects, and to develop local enterprises designed to improve productivity and income, diversify agriculture, spur rural industrialization, promote ecological balance, and enhance the economic and social well-being of the people.
3. Section 65 of RA 10924 (the General Appropriations Act for the Fiscal Year 2017) on Fund Transfers to CSOs, which also prescribes the minimum requirements for their accreditation.

4. Section 3(c) of RA No. 10121 (the Philippine Disaster Risk Reduction and Management Act) on the definition of CSOs.

IV. DEFINITION OF TERMS

As used in these Guidelines, the following terms are defined thus:

*Beneficiary CSO* – a group made up of organized individuals bound by common interests and/or are confronted by a calamity, social condition, problem, issue or crisis and who need government support through projects or programs which they can access after having gone through Social Preparation.

*DSWD-Organized Beneficiary CSO* – a group or association, composed of individuals identified by the DSWD as beneficiaries of the same DSWD project or program, formed through the initiative, or with the assistance, of the DSWD as part of the design and mandated processes of such DSWD project or program. This shall include, among others, Sustainable Livelihood Program Associations (SLPAs) under the DSWD Sustainable Livelihood Program, and Neighborhood Associations for Shelter Assistance (NASAs) under the DSWD Emergency Shelter Assistance Program.

*CSO Applicant* – a CSO applying with the DSWD to be accredited as a Beneficiary CSO.

*Accreditation as a DSWD Beneficiary CSO* – the process by which the DSWD officially recognizes a CSO as a DSWD-Accredited Beneficiary CSO.

*Social Preparation* – a process conducted jointly with, or under the supervision of, the DSWD for the purpose of preparing and fully capacitating Beneficiary CSOs to become responsible implementers of DSWD programs and projects prior to actual transfer of DSWD funds. It includes activities to [i] identify, analyze and prioritize needs, and identify solutions to address needs, [ii] prepare proposals, studies and technical designs and financial plans and reports, [iii] form committees or sub-groups and task these committees or groups, and [iv] build capacity and capability to undertake the project activities.

V. COVERAGE

These guidelines cover only the accreditation of Beneficiary CSOs.

The selection of CSOs, the actual transfer of funds, and the liquidation or audit of transferred funds are not covered by these Guidelines, and shall be covered by the appropriate program or project guidelines.
Pursuant to Section 65 of the 2017 GAA, to be eligible to receive public funds, a cooperative does not have to be accredited; however, it must submit the certificate of registration and the certificate of compliance issued by the CDA as well as proof that the requirements of the program or project office has been met.
