Memorandum Circular No. 04
Series of 2018

SUBJECT: Guidelines in the Organization, Mobilization and Strengthening of Area-Based Standards Network (ABSNET)

I. RATIONALE

The Department of Social Welfare and Development (DSWD) serves as the Philippine government’s regulatory arm for NGOs engaged in the delivery of social welfare and development programs and services, pursuant to RA 4373 of 1965, RA 5416 of 1968 and RA 10847 of 2016. This mandate resulted to a growing number registered, licensed and accredited Social Welfare and Development Agencies (SWDAs) by the Department. In 2002, the Department has developed guidelines that promotes the organization and mobilization of Area-Based Standards Network (ABSNET).

ABSNET is seen as an effective strategy with the end goal of institutionalizing collaboration with the SWDAs that are registered, licensed and accredited by the DSWD, which constitute the intermediaries for social welfare service delivery. It aimed to provide participative and consultative mechanisms in the areas of standards development; registration, licensing and accreditation; capability building; and technical assistance. ABSNET has become the avenue as well as in the promotion of the standard guidelines on the Department to all SWDAs, private and local government alike. ABSNET assists the DSWD in advocating the registration, licensing and accreditation of SWDAs through their involvement in the initial assessment and peer consultation.

From 2002 up to the present, a total of three (3) guidelines covering ABSNET have been issued by the Department. ABSNET as an organization, which started as a cluster in their respective provinces, has grown fast that these clusters have to be organized at the regional level and eventually at the national level. From 2002 to 2008, the number of clusters has grown to fifty (50) and at present, there is a total of sixty seven (67) clusters. The implementation of ABSNET as a strategy is guided with three (3) existing guidelines. However, the gap between what is written and what is practiced has widened. There are some provisions in the guidelines that are not clear specifically some of the stated roles and function of ABSNET. Moreover, protocols on election of officers from the cluster to regional up to the national level need to be clarified.

This guideline is therefore promulgated not only to facilitate the formal organization, mobilization and strengthening of the cluster and its regional and national counterparts but to address issues on matters related to roles and functions of ABSNET membership and holding of positions in the whole ABSNET structure.
II. LEGAL BASES:
