**ADMINISTRATIVE ORDER**

No. 4  
Series of 2005

**SUBJECT: *Reporting System for Non-Government Organizations (NGOs) Social Welfare and Development (SWD) Programs/Services Implementation***

**I. BACKGROUND/RATIONALE:**

*Executive Order No. 15* (Redirecting the Functions and Operations of the Department of Social Welfare and Development) issued in 1998 spells out among others, the Department's role of being the "lead line agency and authority in formulating national social welfare and development policies, plans, programs, and statistics, especially as these relate to family development and poverty groups." With this statement, it is a must that DSWD initiate the generation, integration and analysis of relevant Social Welfare and Development (SWD) statistics and reduce them in desired form to serve as basis of policymakers, planners and program developers in their decision making efforts.

In order to come up with a universe SWD data, there is a need to develop a mechanism that will capture and reflect the NGO performance relative to SWD programs/services implementation. The NGO Reporting Form was developed in coordination with Standards Bureau and the National Council for Social Development (NCSD). This reporting form was formulated based on the existing DSWD Major Final Outputs Reporting Forms.

Last August 5-6, 2004, a consultation of the NGO Reporting System, to include the form and the process of submission, was conducted to NGOs operating in more than one region with main offices in Regions III, IV and NCR and representing all types of client categories. The conduct of the orientation was necessary to solicit their support and cooperation and secondly to ensure uniform interpretation of terms, concepts, and processes included in the system. The participants find the reporting form easier to accomplish, simple and very useful in the reporting of their accomplishments. Based on the agreements during the orientation, the Policy and Plans Bureau revised the reporting system to include their comments and suggestions. The provisions in this guideline include the agreements reached during the consultation.

## II. SCOPE

This guideline covers only accredited/licensed NGOs nationwide, in order to highlight their accomplishments/contributions on Social Welfare and Development sector.

## III. OBJECTIVES

*General :* To come up with a universe SWD data by capturing the NGO performance relative to SWD programs/services implementation.

*Specific:*

2. To acknowledge and put premium in the accomplishments of NGOs.
3. To be the basis for future action, direction and policy formulation of the Department along SWD implementation by the NGOs.
